aunt

my father's mother is my

wife

my husband's brother is my

cousin

my uncle's son is my

niece

my father's new wife

sister

my mother's sister is my

brother-in-law

my mother my father's is my

stepmother

Underline the names of members of the family and find more details about them.

## MY FAMILY

I live with my family in a block of flat. Our family is quite large.

My father's name is Jan and he is fifty-five years old. He works as a manager. He is slim, has got round face, short straight brown hair. My father likes travelling. He likes gardening as well.

My mother's name is Marie and she is forty-two. She works in a bank as an assistant. She is small and slim, has short wavy brown hair. She likes travelling too. In winter she likes skiing. We have a cottage with a garden and so she must work there.

I have a brother. His name is Peter and he is seventeen. He is slim and has short brown hair. He studies a gymnasium in Prague. He often plays with a computer, he likes reading and riding a bike. He has got a lots of friends and in the evening he likes to go to disco.

Next I have a lots of uncles and aunts, but only one grandmother and one grandfather. My father's parents died when my father was a small child. My mother's parents are old age pensioners and they live in a block of flats. My grandmother is small and slim but she is very old and often ill. My grandfather is very nice. He is very friendly and always have time for us. I love them very much. They go to see us every weekend. My nearest cousin is my uncle's daughter Katka. She is eighteen as me. We are very good friends.

At home I often help my parents. I help with washing up, cleaning the house, vacuuming and shopping.
